### Joint meeting with the Board of County Commissioners

Welcome by Chairman  
Introductions  
Opening Remarks by County Planner

### Discussion:

“The Development Process” – Staff will go through step by step, what takes place when a developer wants to develop their property. There are differences based upon whether it is an urban type development or a rural type development, but the basic concept is still the same.

“Pottawatomie County Comprehensive Plan” – Staff will discuss what the Comprehensive Plan is, the history of the current plan, and the need for a new one.
